25X1

MEMORANDUM FOR: Operations Officer/NPIC

THROUGH : SIA/PAD

FROM : Chairman JN 57-62

SUBJECT : Request to include photography of  for 

25X1

25X1

Due to its importance and the highly controversial nature of this requirement - the members of JN 57-62, request permission to include photography  in their study of the possible antimissile missile complexes at Leningrad, Chita, and Sary Shagan.

25X1

This photography presents the best photo cover to date of these areas and also has introduced some significant changes. Some of these changes include

- a. The "disappearance" of the sites at Chita.
- b. The "disappearance" of the mound-like structure near the Leningrad southwest launch complex.
- c. The best photography of the three Leningrad launch complexes.
- d. Launch complex "A" at Sary Shagan is covered by good photography.
